ELECTION FRAUDS CONTEM-PLATED BY THE RADICALS IN THE SEASHORE COUNTIES.

We have obtained from a source supposed by his informer to be Radical, intelligence of an infamous plot to carry the Seashore counties for the Radical ticket, to which we will call the attention of the Conservatives of that section, in this public manner, that it may not escape observation, and that precaution may be taken to prevent its being carried out, The plot is no less than a deliberate and predetermined scheme to stuff the ballotboxes, and to count out ballots for the Radicals not polled by the voters. The plot was revealed by a Radical high in authority in that region, under the belief that he was communicaof the party, together with our informant, is in our possession.

> The unscrupulous defamers of Louis Dent have even charged that he has no claim to the title of Judge, never having THE PITIABLE CONDITI been elected to the office by which he became invested with it. If so, Gen. Grant is a party to the fraud. He addresses him, as Judge, in the strongest terms of personal friendship, which leave no deubt in the mind of any one that while to satisfy his Radical surroundings he is "outside for Alcorn, inside, he is for Dent."

JUDGE DENT will resume the canvass in a few days. He was called away by private engagements which could not longer be postponed. The intimation in the Pilot that he has abandoned the canvass, or that there is the remotest thought of making a nomination in his place, is unworthy even of the contemptible cause of the Radical managers.

Conservative canvassers cannot do a better service to the colored people than to paste the Tennessee letter published elsewhere, in their scrap books, and read it to them at every meeting.
